PUBLIC SALES REGISTER

The South Carolina State Fair is proud to host this annual juried art exhibition showcasing “cream of the crop” artwork of artists throughout our state. This exhibit is one of the highlights for many of the nearly 500,000 visitors to the fair each year. Many of the artists offer their artwork for sale and during the fair there is a “Public Sales Register” available in the Cantey Building to record names and contact information of those who are interested in purchasing artwork in the exhibit. The artwork is marked with a red dot and this information is given to the artist/exhibitor when the artwork is released on Oct. 22nd and 23rd. The artist is responsible for contacting those persons interested in their art. It’s a WIN for the artist and a WIN for the buyer.

*The SC State Fair does not negotiate purchases for artwork
and is not responsible or liable for any personal transactions.*
